

Ali Ahmed Khaldoon Al Timini

February 17, 1982; Iraq; +964 0790 111 2222; ali.ahmed@mail.com

OBJECTIVE

A career with an international oil company in Iraq with a global focus requiring a professional skilled in oil exploration and chemical engineering with proven ability as a manager, expert communicator, creative problem solver, critical thinker and team builder. A position that will allow me to grow and develop while working along side of Iraqi and foreign workers.

QUALIFICATIONS

Highly motivated chemical engineer, graduated top of my class with five years of experience in chemical analysis in support of South Oil Company (SOC) in Basra. Speak English fluently, and willing to work across Iraq in support of oil exploration and development. Energetic, fast learner, who wants long-term employment that will challenge me and provide an opportunity for professional growth and development.

EDUCATION

Bachelor Degree, Chemistry; June 2004 with honors
Graduate Degree, Chemical Engineering; June 2006

University of Basrah, Basrah, Iraq
University of Basrah, Basrah, Iraq

PROFESSIONAL EXPERIENCE

Laboratory Manager

Oct 2009 to Present

Assigned to SOC analysis laboratory in Basrah. Responsible for managing a lab consisting of three analysts and one administration specialist. Lab processes daily samples from fifteen well heads in the Basrah Governorate and provides results to the SOC Standards Directorate each week. Duties include periodic travel to each well site and management interface with various leaders in SOC.

Chemical Engineer

Jun 2006 to Sep 2009

Worked as a junior chemical engineer at SOC Distribution Complex, Site A. Responsibilities included oil sample analysis and processing. Worked on a team of seven people responsible for ensuring the accurate testing of oil samples from ten wells. Reported findings each day to SOC and helped design a management tracking tool that resulted in 100% accountability of all oil samples.

OTHER QUALIFICATIONS

Special Training: Certificate in oil analysis from Petroleum Institute, Basrah, Iraq

Special Skills: Fluent in English and Arabic

Awards: Employee of the Year 2011, SOC
